PURA VIDA

— STUDY ABROAD IN COSTA RICA —

THE ADVENTURE OF STUDYING IN COSTA RICA

Costa Rica is pura vida, but we want you to know much more than that. We are a country that thinks education is the foundation of happiness, progress, and growth. We are a country of self-improvement, technology, and talent. We believe in our people, their capacity, and their great spirit. At the UH we have made these Costa Rican values our mission. We continue to go beyond by combining all the fun of pura vida with the importance of high quality education.

SPANISH AS A SECOND LANGUAGE

- This program offers students courses in Beginning, Intermediate, and Advanced Spanish language learning.
- Using innovative teaching methodologies, students will be exposed to Spanish through interactive activities, acquiring linguistic knowledge through practices that will take learners outside of the classroom and into the Costa Rican culture.
- Students will experience the tico life and pura vida attitude through their interactions with local peers, extracurricular activities, and travel opportunities throughout the country.

PROGRAMS

- **BEGINNING SPANISH**
Beginning Spanish I
Beginning Spanish II
- **INTERMEDIATE SPANISH**
Intermediate Spanish I
Intermediate Spanish II
- **ADVANCED SPANISH**
Advanced Spanish I
Advanced Spanish II
- **SPANISH CONVERSATION**
Conversation I
Conversation II

SPANISH ONLINE

One key aspect of our program that sets us apart from the rest is the online learning support students receive along with their live courses.

After finishing a course with our program, students are encouraged to continue studying with us by taking their next course in our program online from their home country.

Furthermore, students are encouraged to return to the UH the following semester to continue their studies on our campus.

SPANISH FOR PROFESSIONAL DISCIPLINES

The Study Abroad Program at the UH recognizes the need for discipline-specific courses to be offered to assist students and working professionals in acquiring Spanish linguistic ability for specialized courses. Specific courses are offered in the areas of Education, Health Care, Business, and Psychology.

ELECTIVE COURSES IN ENGLISH

The UH also offers elective courses in English for those interested in the cultural experience of studying in Costa Rica. They are available in Health Care, Business, Engineering, Architecture, Psychology, and Education.

ADDITIONALLY

Students with advanced Spanish language ability will also have the option to take additional courses in Spanish at the UH campus to broaden the learning experience.

STUDENT EXPERIENCE

Beyond the classroom and homestay experience, students will have the option to participate in volunteering and travel opportunities throughout their stay.

WHY UH?

We are one of the most important private colleges in Costa Rica, with over 30 years of experience offering the most advanced teaching methods. We own the only Medical Simulation Laboratory recognized by the SSH in Latin America and other simulation labs for majors like Economic Sciences and Education. So, we're more than just a college, we're a place where people come because they know we believe education has to have a purpose. We have made it our mission to provide our people with all they need, especially with what matters most: our support.
